

FOR IMMEDIATE RELEASE

Stoneridge to Showcase Smart Tachograph Technology at CV Show 2019

DUNDEE, UK – March 21, 2019 – Stoneridge Inc. (NYSE: SRI), a leader in highly engineered electrical and electronic components for the commercial vehicle and automotive industry, announced it will participate in the Commercial Vehicle (CV) Show 2019 in Birmingham, UK, where it will showcase its new 1C smart tachograph solution, developed to keep commercial vehicle drivers compliant, efficient and ahead of the competition.

On stand 4G102, Stoneridge will exhibit a range of new products to aid drivers, fleet managers and workshops. From the new smart tachograph, SE5000 Connekt, to the driver card infringement reducing product, D-ignition, Stoneridge offers everything you need for compliance. Alongside legislative products, the Company will exhibit the CornerEye® camera solution, designed to reduce blind-spots and increase visibility.

Fleets and drivers will have the chance to find out more about the new Annex 1C smart tachograph legislation, coming in June 2019, and Stoneridge's SE5000 Connekt, which includes advanced features such as a Global Navigation Satellite System (GNSS) module that records the vehicle's location at the start and the end of a journey, together with updates every three hours of drive time, and Dedicated Short-Range Communication (DSRC) to communicate remotely with roadside inspection officers, without the vehicle having to be stopped.*

Additional stand highlights include:

- digiDL, a time-saving remote download technology enabling operators to remotely download vehicle and driver data using GPRS technology, no matter where they are in the world
- OPTAC3, the comprehensive, efficient tachograph analysis software
- Stoneridge apps for downloading tachograph data, viewing hours and – new for 2019 – advising drivers when they have infringements
- 1C workshop products; Optimo² wireless workshop tachograph tool, new 1C DSRC and GNSS testers.

To learn more, visit Stoneridge on **Stand 4G102** at the CV Show 2019 in Birmingham on 30 April – 2 May 2019.

*No personal data is transferred remotely to enforcement officers
