Stoneridge sets the standard

Stoneridge Electronics™ is a leading provider of Tachographs and Fleet Solutions to the European Aftermarket sector. Three decades of design and manufacturing, coupled with our insight and experience allows us to ensure customers receive exactly what they want: highly reliable and robust products, backed up by a professional after-sales service.

New legislation

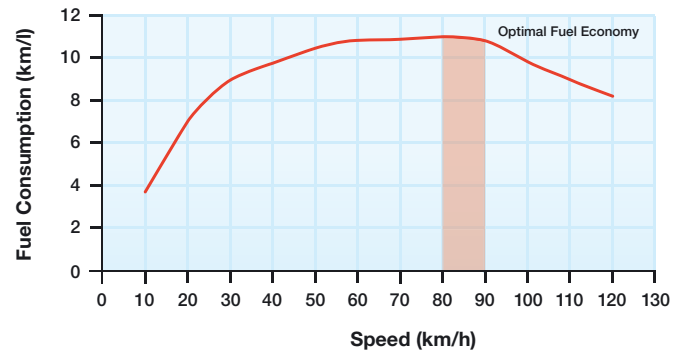

Recent changes to EU legislation have been introduced to mandate the use of road speed limiters on a wider range of passenger-carrying and goods vehicles. To meet the requirements of this new legislation Stoneridge have designed the **latest in Electronic Road Speed Limiter solutions**.

Do I need a Road Speed Limiter?

Requirements for fitting speed limiters vary depending on the Gross Design Weight of the vehicle and engine type, international or national usage and the date of first registration. To obtain up-to-date information visit your local Stoneridge distributor.

Fuel savings

While each vehicle reaches its optimal fuel economy at different speeds (or range of speeds), fuel economy usually **decreases rapidly at speeds above 95kph**.

When you choose the Electronic Road Speed Limiter you can be safe in the knowledge you're getting a highly reliable and robust product – we even back it up with a **two year warranty as standard**. So why not find out more today?

The ERSL Attributes

- EU Approved
- Meets your legal obligations
- Easy to install: universal fitment to all drive-by-wire vehicles
- Provides fuel consumption savings
